INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Waterworks District No. 1
Farmerville, Louisiana

I have audited the accompanying balance sheet of Waterworks District No. 1 (a component unit of Union Parish Police Jury) as of December 31, 2009, and the related statements of revenues, expenses, and changes in retained earnings and cash flows for the year then ended. These financial statements are the responsibility of Waterworks District No. 1's management. Our responsibility is to express an opinion on these financial statements on our audit.

I conducted my audit in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Waterworks District No. 1 as of December 31, 2009, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the financial statements referred to in the first paragraph taken as a whole. The budgetary information included on page 3 and 6 is presented for purposes of additional analysis and is not a required part of the financial statements of Waterworks District No. 1. Such information has been subjected to the auditing procedures applied in the audit of the financial

statements and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Respectfully,

Nadine L. Hennigan
Certified Public Accountant

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Proprietary Fund Type – Enterprise Fund
Notes to the Financial Statements
December 31, 2000

The accounting and reporting policies of Waterworks District No. 1 (the District) conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, *Audit of State and Local Governmental Units*.

The following notes to the financial statements are an integral part of the District's financial statements.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. HISTORY

The District, a component unit of Union Parish Police Jury, was created by the Union Parish Police Jury as authorized by Chapter 9 of Title 33 of the Louisiana Revised Statutes of 1998. The District is governed by a five-member Board of Commissioners. The District is responsible for the maintenance and operation of the water system within the boundaries of the water district.

B. REPORTING ENTITY

The Governmental Accounting Standards Board (GASB) is the accepted standard setting authority for generally accepted accounting principles as applied to governmental entities. In June 1991, the GASB issued Statement Number 14 "The Financial Reporting Entity." This Statement established criteria for determining which component units of government should be considered part of the primary government for financial reporting purposes.

The basic criteria for determining a component unit is accountability. The Union Parish Police Jury appoints a voting majority of the Board of Commissioners of the District and, therefore, has the ability to impose its will upon the District. The District is also financially dependent upon the Police Jury. Therefore, the District is considered a component unit of the Police Jury, the primary governing body of the parish and the governmental body with oversight responsibility.

C. BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting refers to the timing of the measurements made, regardless of the measurement basis.

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Proprietary Fund Type – Enterprise Fund
Notes to the Financial Statements
December 31, 2000

applied. The District's records are maintained on an accrual basis. Revenues are recognized when they are earned and expenses are recognized when they are incurred.

D. BUDGETARY PRACTICES

The Secretary-Treasurer prepares the annual budget and presents it to the Board for adoption by November 30 of the preceding year. Budgeted amounts, including subsequent amendments, have been included in the accompanying financial statements.

E. STATEMENT OF CASH FLOWS

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

F. INVESTMENTS

Investments consist of certificate of deposits which are stated at cost plus interest credited to the account.

G. PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment purchased by the District are recorded at cost. Depreciation of all exhaustible fixed assets used by the District is charged as an expense against operations. Depreciation is computed using the straight-line method. Estimated useful lives are 30 years on the water plant and from 5 to 30 years on equipment.

Expenditures for repairs and maintenance are expensed as incurred; significant betterments are capitalized.

H. VACATION, SICK LEAVE AND RETIREMENT PLAN

The District does not have annual vacation, sick leave and retirement plan policies.

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Proprietary Fund Type – Enterprise Fund
Notes to the Financial Statements
December 31, 2008

1. BAD DEBTS

Uncollectible amounts for customers' water receivables are generally not significant. As a result, the direct write-off method for recognizing bad debts is used. Under this method, the receivable is charged to expense when the account is deemed to be uncollectible.

1. RESERVATIONS OF RETAINED EARNINGS

Some portions of retained earnings are reserved to indicate that a portion of retained earnings is legally restricted to a specific future use and is not available for appropriation or expense.

K. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

2. CASH AND INVESTMENTS

At December 31, 2008, the District's cash and investments, shown on the balance sheet under current assets and restricted assets, consisted of checking, savings, and certificate of deposit accounts. The carrying amounts of these accounts totaled \$172,900 and the corresponding bank balances totaled \$172,715. All of the bank balances were covered by federal depository insurance or were adequately collateralized with financial institution assets.

3. RESTRICTED ASSETS (CASH AND INVESTMENTS)

Under the terms of the bond agreement and resolution of the Board of Commissioners, the District is required to establish and maintain four restricted asset accounts. They are as follows:

1. A customer meter deposit account in which all customer meter deposits are held.
2. A revenue bond and interest sinking fund account from which bond principal and interest are paid. On or before the 20th of each month, the District is required to deposit a sum equal to one-twelfth of the total amount of principal and interest

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Proprietary Fund Type – Enterprise Fund
Notes to the Financial Statements
December 31, 2000

falling due in the following year for the 1990 bonds. A monthly payment of \$1,314.90 is required to be deposited for the 1997 bonds.

3. A reserve fund account in which funds are held for payment of bond principal and interest in the event the sinking fund account is unable to pay. On or before the 20th of each month, the District is required to deposit a sum at least equal to five percent of the amount to be paid into the sinking fund provided for in paragraph 2 above. The payments into the reserve are to continue until the reserve equals the highest combined principal and interest falling due in any year for the 1990 bonds. A monthly deposit of \$57 is required for the 1997 bonds.
4. A depreciation and contingency fund account to cover depreciation, extensions, additions, improvements and replacements necessary to properly operate the system. On or before the 20th of each month, the District is required to deposit \$80 per month for the 1990 bonds. A monthly deposit of \$60 is required for the 1997 bonds.

The account balances as of December 31, 2000 are listed below:

Customers' Meter Deposit Account	\$ 2,898
Waterworks Reserve Bond and Interest	
Sinking Fund Account – 1990	3,365
Waterworks Reserve Fund Account	13,962
Waterworks Depreciation and Contingency	
Fund Account	20,898
Waterworks Sinking Fund Account – 1997	1,340
Waterworks Reserve Fund Account – 1997	2,360
Waterworks Contingency Fund Account – 1997	3,736
TOTAL	\$38,729

4. LEASES

The District has a month-to-month operating lease for computer equipment for \$160 per month. For the year ended December 31, 2000, the District paid \$1,989 in connection with the computer equipment and software.

Waterworks District No. 1
A Component Unit of Union Parish Police Jury

Notes to the Financial Statements
December 31, 2000

8. LONG-TERM LIABILITIES

Revenue Bonds Payable:

	<u>December 31,</u> <u>2000</u>
1980 Issue	
\$242,000 – 1980 Waterworks District No. 1 bonds payable in annual principal installments of \$5,000 to \$13,000 through September 5, 2020; interest rate of 5.0%	178,000
1997 Issue	
\$278,000 – 1997 Waterworks District No. 1 Bonds payable in monthly installments of \$1,315 through September 3, 2037; interest rate of 5.0%	204,147
Total Bonds Payable	442,147
Less: Current Portion	<u>(29,799)</u>
TOTAL LONG-TERM BONDS PAYABLE	\$421,368

The bonds are secured by the revenue earned or derived from operations of the District.

The annual requirement to amortize the long-term obligations outstanding at December 31, 2000, including interest of \$424,008 attributable to Revenue Bonds, are as follows:

	Bonds Payable		
	<u>1980</u> <u>Issue</u>	<u>1997</u> <u>Issue</u>	<u>Total</u>
2001	13,800	15,780	29,580
2002	14,650	15,780	30,430
2003	14,350	15,780	30,130
2004	14,650	15,780	30,430
2005	14,750	15,780	30,530
2006-2007	212,600	504,520	718,520
Total debt payments	\$385,000	\$583,820	\$968,820

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Proprietary Fund Type – Enterprise Fund
Notes to the Financial Statements
December 31, 2000

6. BOARD OF COMMISSIONERS – PER DIEM PAYMENTS

In compliance with Louisiana Revised Statute 33:3815, the commissioners, with the exception of the president, receive a per diem of \$50 for each meeting they attend to a maximum of 12 meetings per year. The president's per diem is \$50 per meeting up to a maximum of 12 meetings per year.

Board of Commissioners list for 2000 were as follows:

<u>Name</u>	<u>Number of Meetings</u>	<u>Amount</u>
Charles A. Calote	5	\$ 250
Steve Daumley	5	100
Ernest Nolan	5	100
Kim Dumas	4	80
Carolyn Threlkill	5	100
Technical Consultants:		
Kathy Dealittle	5	100
Jack Truam	5	100
TOTAL		<u>\$ 830</u>

7. RISK FINANCING ACTIVITIES

The District manages its exposure under general liability and property through the purchase of commercial insurance and surety bonds, as follows:

<u>Coverage</u>	<u>Expiration Date</u>
General Liability Insurance	12/30/01
Commercial Property Insurance	12/30/01
Position Schedule Bond	05/31/01

8. ACCOUNTS RECEIVABLE

The district provides service to commercial and residential users within the established district. Sales for services for the month December 2000 included \$88 users. At December 31, 2000, the District maintained an accounts receivable balance of \$17,617. This balance includes 16 accounts in arrears for a total of \$1,965. The District considers all accounts to be collectible.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Board of Commissioners
Waterworks District No. 1
Farmersville, Louisiana**

I have audited the financial statements of Waterworks District No. 1 (the District), a component unit of Union Parish Police Jury, as of and for the year ended December 31, 2000, and issued our report thereon dated June 27, 2001. I conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, I noted certain matters involving the internal control over financial reporting and its operation that I consider to be a reportable condition. Reportable conditions involve matters coming to my attention relating to significant deficiencies in the design or operation of the internal control over financial

reporting that, in my judgment, could adversely affect the Waterworks District No. 1's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 2000-L. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in accounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I consider the reportable condition described above to be a material weakness.

This report is intended solely for the information and use of the audit committee, management, and others within the organization and should not be used by anyone other than those specified parties.

Respectfully,

Raden L. Hennigan, CPA

Renton, LA
June 27, 2006

**WATERWORKS DISTRICT NO. 1
SCHEDULE OF CURRENT YEAR FINDING AND QUESTION COSTS
FOR THE YEAR ENDED DECEMBER 31, 2000**

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of Waterworks District No. 1.
2. Some reportable conditions were disclosed during the audit of the financial statements that relate to internal control and compliance. See Management's Corrective Action Plan.
3. There are no major programs.
4. The threshold for distinguishing Types A and B programs was \$500,000.
5. Waterworks District No. 1 was not determined to be low-risk auditee.
